

ATA Hotel, Giardini di Naxos, Taormina, Sicily, Italy

The Atahotel Naxos Beach is a tourist complex perfectly inserted in Giardini Naxos, one of the most beautiful sea resorts of the eastern coast of Sicily. The Atahotel Naxos Beach has been built over an area of 14 hectares dominated by the imperious Etna Volcano and shading off to the sea. The whole complex is surrounded by a huge park of citrus fruits, olive groves and many kinds of flowers. The 189 rooms of the Hotel Naxos Beach (main building), the 453 rooms of the Villas Naxos Beach, harmoniously inserted in this luxurious vegetation, offer a total capacity of 642 rooms, and a large open-air car-park which is easily reachable.

All common services, which are situated in the centre of the complex and equidistant from the rooms, are studied and organized for the well-being of our guests and are only a few meters from our sand and pebble beach. The location of the rooms and the infrastructures, perfectly integrated in the landscape, have been studied so as to avoid mass concentrations thus making the dimensions of the Atahotel Naxos Beach as the idyllic place to be at, far from the urban noises and the everyday stress.

ATAHOTEL NAXOS BEACH

GIARDINO MEDITERRANEO

SATURDAY, OCTOBER/04/2014
